    <div><h1>Message from Principal</h1></div>

    <div> <div></div><p>Video provides a powerful way to help you prove your
point. When you click Online Video, you can paste in the embed code for the video
you want to add. You can also type a keyword to search online for the video that
best fits your document. To make your document look professionally produced, Word
provides header, footer, cover page, and text box designs that complement each
other. For example, you can add a matching cover page, header, and sidebar. Click
Insert and then choose the elements you want from the different galleries. Themes
and styles also help keep your document coordinated. When you click Design and
choose a new Theme, the pictures, charts, and SmartArt graphics change to match
your new theme
